Aim of Clinic

We follow a holistic approach to the game. The Camp will include fitness, skills, life skills (also rules) and games. It takes the form of structured lessons which cover ball skills, exercises, sporting activities and Tag rugby games. Players will participate in a wide range of activities aimed to increase the skill level required for the game for certain levels.

We also invite a Stormers / WP player for the last day.

What is Tag rugby?

Tag Rugby is a non-contact form of rugby where a tackle is made by pulling the tag off the belt of the opponent when they have the ball. The game is fast, fun and suitable for boys and girls of all ages. There are no scrums, line outs or kicking and beginners can play too! Tag Rugby is a non-contact sport that will help your child develop their rugby skills, improve confidence and puts the FUN back in the fundamentals!

Tag Rugby is safe, fast and simple to play. Children love the game because it is fast flowing and plenty of tries can be scored. Children learn the basic skills of rugby namely, passing catching, running forward into space and of course scoring tries. Provides the perfect means of introducing children to the game of rugby.
